

DAY FIVE #TASK 5

Key Points

Congratulations on making it to our final day. Today, you now have everything in place to launch your Digital Leaflet as a Facebook Ad.

As mentioned previously, this is only one form of advert that you can run on Facebook to promote a local business.

I want to take this opportunity to thank you for taking part in the challenge and would love for you to keep me posted on your progress. You can do this by posting your results to our open group at:

<https://www.facebook.com/groups/SparksBlueprint/>

Now on with today's task...

Today's Task

#Day5 Task5

Today, you will launch your Facebook Ad Campaign. I have put together a video that describes the process step-by-step. Remember, there are many ways you can vary this process and later you should experiment with audience and areas but for now, for this challenge please follow the steps as described in the video.

The link for the video is below, if for any reason you cannot get the link to work, please copy and paste it into your browser.

You should open your Facebook page in a separate browser and simply follow along stopping and starting the video as you go.
